- We will need to see evidence that you are a qualified open water diver
- Please book equipment well in advance to avoid disappointment. We aim to help but sometimes all of our equipment will be booked out for our own activities

- Please note our equipment is available in standard small, medium, large and extra large sizes. If you require extra small or XXL please discuss with us when you make your booking because we have very limited amounts of these sizes and they are booked by request
- We will take a damage deposit of £100, which is refundable on full and undamaged return of our gear
