

PADI REACTIVATE TERMS AND CONDITIONS 2026

1. Before your training session at Easy Divers, you will need to have completed the e-learning for the PADI Reactivate course, without exception. This will take around 8 hours, but you should allow more time to be on the safe side and significantly more time if you find processing information challenging
2. We have allowed adequate time to complete the course, so if you require extra time because you have not completed the homework/contacted us with any homework queries ahead of the course date or have difficulty mastering a particular skill in the pool and require additional training time, this will be at an extra cost
3. You have read the PADI Medical Form and confirmed that you can answer no to all of the questions or if you needed to answer yes to a question/s that required a doctor's sign-off, that you have since been signed off by a doctor completing the PADI Medical form and certifying you as fit to dive
4. If you are unwell or there are unforeseen circumstances that prevent you from attending a session/the course, we will aim to offer you an alternative date or if this is not possible, we will refund as much of the costs as we can after we have covered your proportion of our non-recoverable costs, ie. staff wages and the PADI e-learning package

5. We offer dive equipment for hire in standard small, medium, large and extra large sizes. If you think you are of a non-standard size it is worth discussing this with us before you book, so that we can make sure we have equipment that will fit
