

Terms & Conditions Open Water Referral Course

You have signed up for a PADI Open Water Referral Course. We have allowed adequate time to complete the theory/final exam and the pool training, so if you require extra time because you have not completed the homework/contacted us with any homework queries ahead of the theory session or encounter difficulty mastering a particular skill in the pool, this will be at an extra cost.

You have read the PADI Medical Form and confirmed that you can answer no to all of the questions or if you need to answer yes to a question/s, that you have been signed off by your doctor as fit to dive.

During the pool training you will be asked to swim 200 metres and tread water for 10 minutes, so if you have any concerns about this please let us know before the start of the course.

At the end of the PADI Open Water Referral Course you will still have 4 open water training dives to complete within one year at extra cost, either with us during the summer at South West Maritime Academy, near Bristol (limited places and dates available) or with any PADI dive school globally.

If Covid 19 restrictions prevent you from taking part, we will offer you a full refund or the option to defer. If you can't attend due to a positive Covid 19 test we will just need to see evidence of the test result. If you are unwell or there are unforeseen circumstances preventing you from taking part, we will aim to refund you in full if at all possible or if not possible we will refund as much of the costs as we can after we have covered your proportion of our non-recoverable costs, ie pre-paid pool hire charges/staff wages/study materials.
